

Nylon Twisted Wire Brushes

Designed for use with Frazier / Baron suction tubes our brushes features high quality medical grade nylon bristles that offer superior cleaning power, ideal for large bore, laparoscopic instruments, suction devices and other general use instruments.

All bristles are securely attached to a twisted spun wire that are providing the right flexibility for perfect cleaning and scrubbing action.

Designed for repeated use and packaged in a bag of 2 pcs.

Product details

- All brushes feature loop ends
- Latex free
- Sold in not sterile packaging
- Compatible with steam (121°/134° C) and gas sterilization
